

Calvary Baptist Church would like to invite you to be apart of the first annual Lake Havasu “Serve our Schools” Event. It will be October 7, 2017 starting at 8am. What we are doing is having 10 work projects at each public school in LHC and both charter schools. These projects range from painting to drywall to landscaping and putting up fences. There are jobs for families and jobs for very skilled workers. Our goal is to have 100 volunteers serving at each school, so we want 1,000 volunteers from the Lake Havasu community serving the schools all at one time on one day. We are inviting your group or organization to commit to taking responsibility for one or more projects at a school. What this means is that your group would be responsible for completing the project and getting the materials needed for the project your group would like to volunteer, donate resources, or have questions please call 855-6533 or email Amber Smith at serve@calvarylhc.com or you can sign up online at calvarylhc.com/serveourschools

We look forward to serving our schools together with you in these projects.
